Dear Parents/Guardians,

REVISION OF 2nd TIER MISCELLANEOUS FEES FROM 2014

In 2012, MOE announced the revision of the school fees for permanent residents (PR) and international students (IS), and standard miscellaneous fees for all students in Government and Government-aided schools from January 2013. At the point in time, Singapore schools were also advised to increase the 2nd tier miscellaneous fees but Greenwood Primary decided to delay this increase in 2nd miscellaneous fee and use existing funds to defray the cost to parents.

A one of the school in the last batch that have not administered the revision, the school would be increasing the 2nd tier miscellaneous fees by \$1.00 per month (from \$5.50 to \$6.50). The increase is to defray the increasing cost of teaching materials used by students and allows the school to continue to provide resources to advance teaching and learning to benefit students.

Singaporean students may use their Edusave accounts to pay for the 2nd tier miscellaneous fees. If your child/ward is currently paying his/her 2nd tier fees through Edusave account, the revised rate will be deducted from his/her Edusave account starting from 2014. There is no further action required from you.

The monthly fees payable by all students from **January 2014** are as follows:

Nationality	2013				2014

Singaporean students who are on the MOE financial assistance scheme (MOE FAS) and are using their Edusave accounts to pay the 2nd tier miscellaneous fees do not have to make any fee payment out-of-pocket. If you need any financial assistance, please approach the General Office for advice.

Yours Faithfully,
